

AARK Archipelago Art Residency in Korpo Finland

2nd Open Call for 2016

winter - spring - summer - autumn.

Deadline Sat 16th January. For national and international art professionals and researchers.

We are looking for artists and other art professionals from all disciplines for whom nature and the surrounding seaside could be an interesting area or theme to work on. We offer a space to think and time to develop a new idea - or to continue on a work in progress.

AARK is located right by the ferry shore, you can follow the Sea Way from windows and from the yard. Our residency is surrounded by the unique archipelago nature, sea and a forest that you easily can reach by foot, bicycle or bus. The outer archipelago is also within reach, since AARK is located near the community ship.

We encourage a dialog inside the residency between both national and international quests and of course a dialog with local people and the environment. Depending on timing and season AARK might be full - or quite silent. Some independency is needed from our artists. Some of the months 2016 are almost filled but we still have places open. Welcome with your application.

We work on a full calendar basis 1-3 months and prefer longer stays.

Contact: info at aark.fi - founder/ coordinator/ artist Renja Leino will answer you soon.

Digital application with LOW RES materials: info (at)aark.fi Selection procedure by a small team.

- Please fill the application form or just write the asked info in your application.

- A short, freely formulated working idea – add a short motivation, why do you want to have a residency in AARK? What do you want from us?

- www and/ or 5 low res. images 72dpi or light PDF of recent works, exhibitions views. CV.

Timetable, when do you wish to come?

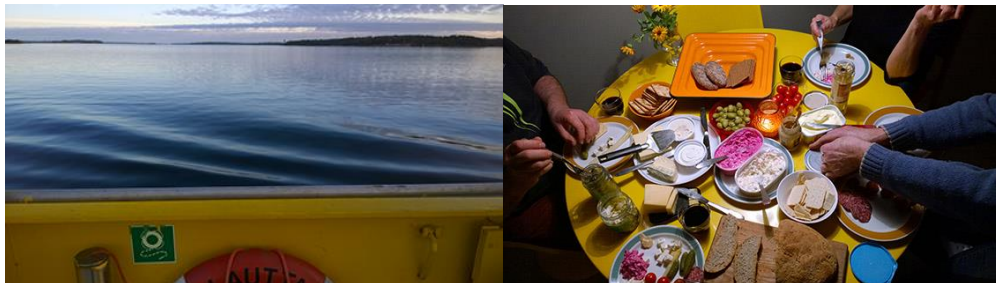

- SPACE: 2 apartments seaside a 72m2 + a 30m2 raw space for what ever use in the basement. Please mention, if you are interested in a shared apartment, separate bedrooms.
